

Take the hassle out of device lifecycle management

HP Device as a Service optimizes resources and maximizes your budgets

IT has become more crucial to the success of business—84% of today's IT decision-makers agree.¹ Yet IT is often stretched thinly across essential initiatives like digital transformation, helping employees adapt to remote working, and security.

With HP Device as a Service, you get the right devices, repair services, and AI-driven analytics in a predictable payment with flexible terms to optimize your cash flow.

Make the most of your investments

Leverage HP global device provisioning capabilities,² world-class care, and AI-driven analytics³ to manage your device lifecycle costs.

- Keep your devices running smoothly with world-class warranty and repair.
- Take advantage of AI-driven analytics³ for insights to help optimize your IT spending and resources.

Free up cash flow

Manage your budget with a predictable payment, and prioritize allocations based on your business needs.

- Take control of your expenses, cash flows, and refresh cycles with flexible payment terms⁴ that scale to your business.
- Streamline your IT spend with the ability to flex your devices and refresh mid-term based on your workforce and IT needs.⁵

Improve the employee experience

Use insightful analytics to fine-tune your employee experience and support high satisfaction and productivity.³

- Ensure your employees stay up and running, using telemetry and analytics³ for devices and applications.
- Look behind-the-scenes to understand your users' needs and provide the right devices for their work tasks.

"HP DaaS has improved the way we manage and support devices for our students and staff, making it possible to respond more quickly when they're experiencing problems. We've also been able to free our IT team to focus on improving key educational services such as distance and online learning."

—Rodrigo Loyola Armijo, Director of Technology and Information, Universidad Andrés Bello

HP Device as a Service reduces complexity so you can focus on moving business forward

The right devices for the job

We have you covered with a selection of devices as unique as your business. Choose from a comprehensive portfolio of multi-OS hardware, including HP's most secure and manageable Windows and Chrome Enterprise notebooks, desktops, and workstations.⁶

Support for maximum uptime

It's easy to boost your coverage. To help protect your employees from work interruptions, select from additional service add-ons, such as HP Next Business Day Onsite, Accidental Damage Protection, and Defective Media Retention.⁷

Insightful and predictive analytics

Use AI-driven analytics³ to deliver device, application, and usage insights, making the most of your IT investments. Whether you manage your devices yourself or choose to have us manage on your behalf, visibility into device health and performance across manufacturers and platforms is available to you.

Built for every budget

With your budget and priorities in mind, HP Device as a Service makes it easy and comfortable to adopt new technology into your existing environment. Maximize your spend, cash flows, and refresh cycles with flexible payment terms⁸ that scale and work for your business, or use the option to bring your own financing partner.

Minimize your security risk

Offer the best first line of defense with built-in security capabilities on HP devices,⁹ security insights,³ and additional available monitoring,¹⁰ to give your team the ability to address issues before they affect your organization or result in employee downtime.

With HP Device as a Service, you can easily add extra layers of protection and tailor your experience with additional security services.¹¹
